[REDACTED] called to advise that [REDACTED]. Proposed B/6
Chairman of the [REDACTED] for Project Artichoke.
will be in Washington Tuesday afternoon. [REDACTED] asked that
I alert you and he will advise the exact time when you may
see [REDACTED] later.

B/6

[REDACTED] advises that [REDACTED] has only "SECRET" clearance
although they are working on the "TOP SECRET". Since the only
paper [REDACTED] has on the subject is classified "TOP SECRET -
EYES ONLY" he would appreciate anything we can do to provide
him with instructions or another paper to be used in briefing
[REDACTED] with classification no higher than "SECRET". I
advised him that you would get in touch with him on this subject.
